

# Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

<b>Transportation</b> Electric vehicles
<b>Pollution</b> much less
<b>Crime</b> little more than now
<b>Advertising</b> huge role

<b>Buildings</b> high and green
<b>Work</b> automatized
<b>Shopping</b> Online
<b>Nightlife</b> same as now

When will you graduate?

How will you use English in the future?

Will humans ever meet aliens? What will the meeting be like?

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

Where will we get our energy when we run out of oil?

How will India and China affect the environment in the future?

What will happen if we keep polluting the environment?

# Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation - Fast - Electric - Based  
efficient

Pollution - less than now - more  
recycling

Crime more crimes;

Advertising more in social media  
~~side~~

Buildings Futuristic - tall sky  
with lots

Work - online, automatic

Shopping online,

Nightlife

Shopping
Nightlife

When will you graduate?

2023

How will you use English in the future?

For studying, traveling

Will humans ever meet aliens? What will the meeting be like?

No

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

The Matrix!

Do you think houses will be more environmentally friendly in the future?

Yes

Where will we get our energy when we run out of oil?

From renewable energy.

How will India and China affect the environment in the future?

Pollute

What will happen if we keep polluting the environment?

Nothing good

# Future

What kind of neighborhood will you live in when you get older?

There will be more modern houses and the houses will be more environment-friendly.

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

## Transportation

More electric cars

More public transportation

## Pollution

More pollution caused by new inventions

## Crime

Advertising More ways to advertise

## Buildings

More modern buildings

Different kind of buildings

## Work

More work, less money

## Shopping

More shops

More different products

Nightlife More nightclubs

When will you graduate? Hopefully in 2023.

How will you use English in the future? I will speak English and use it in future studies.

Will humans ever meet aliens? What will the meeting be like? Probably not.

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.) I don't know.

Do you think houses will be more environmentally friendly in the future? Yes.

Where will we get our energy when we run out of oil? From the environment and nature.

How will India and China affect the environment in the future? They will pollute and over-populate the Earth.

What will happen if we keep polluting the environment? We will kill the Earth and ourselves in the process.

**Will the climate keep changing or go back to normal?** It will keep changing.

**Will science find a solution to the environmental problems we have? What kind of solution will it be?** It will find solutions to some of the problems.

**Do you want to get married? When will you get married?** I want to get married, but I don't know when yet.

**Will you have children?** No.

**What will life be like when you are 40?** I'll be living with my partner and going to work.

**Will computers ever take over the world?** Maybe some day.

**Will we be able to add machines to our body to improve it in the future?** Yes.

**How will fashion change in the future?** The clothes will be more environment friendly.

**After you graduate will you go for a higher degree like an M.A. or a Ph.D?** Probably.

**What kind of music will your children listen to?** The music they want to.

**When will humans live on another planet?** Maybe hundreds of years later.

**What will you do after you finish university?** Go to work.

**What will you do before you get married?** Get a job and an apartment.

**After your children grow up what will you do?** I won't have children.

**Where will you move after you finish university?** Maybe Oulu.

**How will electronics be different?** They'll be more efficient.

**In 50 years there are projected to be 10 billion people on the earth. How will that affect the future?** That will over-populate the Earth.

**How will medicine and health care change in the future?** Health care will be more electric!

**China's and India's populations and economies are growing quickly, what do you think China and India will be like in 50 years?** Over-populated and polluted.

**What other things will change about life in the future?** I don't know.

**How do you think you will change in the future?** Not much to be honest.

**Where will you be and what will you be doing in 10 years?** I'll be living with my partner and working.

**What is something that will happen in the future that you are looking forward to?** Moving out and getting a job. ↩

**How will you change the world?**

I probably won't.

Will the climate keep changing or go back to normal?

Keep changing

Will science find a solution to the environmental problems we have? What kind of solution will it be?

Do you want to get married? When will you get married?

Yes and I don't know when

Will you have children?

Yes

What will life be like when you are 40?

Good

Will computers ever take over the world?

No

Will we be able to add machines to our body to improve it in the future?

Yes

How will fashion change in the future?

Fashion will be more environment friendly.

After you graduate will you go for a higher degree like an M.A. or a Ph.D?

No

What kind of music will your children listen to?

When will humans live on another planet?

No

What will you do after you finish university?

Work

What will you do before you get married?

Study

After your children grow up what will you do?

Work and travel

Where will you move after you finish university?

stay in Finland

How will electronics be different?

In 50 years there are projected to be 10 billion people on the earth. How will that affect the future?

What other things will change about life in the future?

How do you think you will change in the future?

Where will you be and what will you be doing in 10 years?

What is something that will happen in the future that you are looking forward to?

How will you change the world?

Will the climate keep changing or go back to normal? *keep changing*

Will science find a solution to the environmental problems we have? What kind of solution will it be? *electric cars*

Do you want to get married? When will you get married? *I don't know maybe*

Will you have children? *I don't know yet*

What will life be like when you are 40? *almost same than now*

Will computers ever take over the world? *No*

Will we be able to add machines to our body to improve it in the future? *Yes*

How will fashion change in the future? *I think no*

After you graduate will you go for a higher degree like an M.A. or a Ph.D? *I think no*

What kind of music will your children listen to? *I don't know*

When will humans live on another planet? *never*

What will you do after you finish university? *work*

What will you do before you get married? *I don't know*

After your children grow up what will you do? *same that before*

Where will you move after you finish university? *no where*

How will electronics be different? *I think not*

In 50 years there are projected to be 10 billion people on the earth. How will that affect the future? *climate change will grow*

How will medicine and health care change in the future? *it will get better*

China's and India's populations and economies are growing quickly, what do you think China and India will be like in 50 years? *they will disappear*

What other things will change about life in the future? *maybe nothing*

How do you think you will change in the future? *come more adult*

Where will you be and what will you be doing in 10 years? *I don't know*

What is something that will happen in the future that you are looking forward to?

How will you change the world? *don't know*

*I don't know*

Will the climate keep changing or go back to normal? *No.*

Will science find a solution to the environmental problems we have? What kind of solution will it be? *Yes, I don't know how though*

Do you want to get married? When will you get married? *No.*

Will you have children? *No.*

What will life be like when you are 40? *IDK*

Will computers ever take over the world? *Yes*

Will we be able to add machines to our body to improve it in the future? *Yes*

How will fashion change in the future? *More colors*

After you graduate will you go for a higher degree like an M.A. or a Ph.D? *IDK*

What kind of music will your children listen to? *Whatever they want*

When will humans live on another planet? *Yes, maybe in like 1000 years*

What will you do after you finish university? *Get a job*

What will you do before you get married? *I will not get married*

After your children grow up what will you do? *I will not get kids*

Where will you move after you finish university? *IDK*

How will electronics be different? *More accessibility*

In 50 years there are projected to be 10 billion people on the earth. How will that affect the future?

How will medicine and health care change in the future?

China's and India's populations and economies are growing quickly, what do you think China and India will be like in 50 years?

What other things will change about life in the future? *Everything*

How do you think you will change in the future?

Where will you be and what will you be doing in 10 years?

What is something that will happen in the future that you are looking forward to?

How will you change the world? *IDK, but I'll try my best :v*

World isn't anymore as safe as before

**Fashion**

Fashion is always as stupid as before

**Social security**

Gotten better but there is more scammers.

**Crime**

Crimes increasingly clever

**Housing**

In some areas housing is very expensive. It takes most of

**Communication** smartphones

**Entertainment**  
tv, computer

**Transportation**  
all electric

**Education**  
on online

**Food**  
more choices and healthier

**Government**  
more women

**Health and medicine**  
much better than now, no one is sick

**Safety**  
same as now

**Fashion**  
recycled

**Social security**  
It's gotten tighter

**Crime**  
much more

**Housing**  
better and nicer houses

6C How the world has changed over the last several decades. Write something under each category.

**Communication** there was no internet chatting before

**Entertainment** have not changed that much

**Transportation** the transportation was much harder  
even now

**Education** was almost same

**Food** have not changed that much

**Government**

**Health and medicine**

**Safety**

**Fashion**

**Social security**

**Crime**

**Housing**
