

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation more busy
Pollution It's even worse
Crime Worse
Advertising I don't know

Buildings There are more of them and more will come all the time
Work Everything is online
Shopping It's also only online
Nightlife cooler

When will you graduate? In 2023 winter?

How will you use English in the future? Maybe at work and vacation

Will humans ever meet aliens? What will the meeting be like? NO!

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.) Maybe even crazier

Do you think houses will be more environmentally friendly in the future? I don't think so

Where will we get our energy when we run out of oil? I really don't know

How will India and China affect the environment in the future? hopefully well

What will happen if we keep polluting the environment? The land can be destroyed

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation more busy
Pollution Even worse
Crime worse
Advertising

Buildings there are more of them and more will come all the time
Work I think it's pretty similar
Shopping online mostly
Nightlife wilder and cooler

When will you graduate? In 2023 winter?

How will you use English in the future? Maybe at work or on vacation

Will humans ever meet aliens? What will the meeting be like? Nope

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.) Maybe even crazier

Do you think houses will be more environmentally friendly in the future? I don't think so

Where will we get our energy when we run out of oil? I don't know

How will India and China affect the environment in the future? hopefully well

What will happen if we keep polluting the environment? the earth would die

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation

all cars is electric

Pollution

better or same as now

Crime more hackers

Advertising

Buildings

higher

Work

more telework and many machines are automatic

Shopping

everybody shopping in the internet

Nightlife

When will you graduate?

How will you use English in the future?

Will humans ever meet aliens? What will the meeting be like?

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

Where will we get our energy when we run out of oil?

How will India and China affect the environment in the future?

What will happen if we keep polluting the environment?

Future

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

Where will we get our energy when we run out of oil?

How will India and China affect the environment in the future?

What will happen if we keep polluting the environment?

Future

What kind of neighborhood will you live in when you get older?

I'd like to live in a peaceful and quiet neighborhood.

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation
Pollution
Crime
Advertising

Buildings
Work
Shopping
Nightlife

When will you graduate? In a year or so

How will you use English in the future? probably very frequently

Will humans ever meet aliens? What will the meeting be like? I don't think we're going to meet aliens, at least not yet

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.) Maybe a mix of The Matrix and Terminator

Do you think houses will be more environmentally friendly in the future? yes

Where will we get our energy when we run out of oil? From an artificial sun and solar power

How will India and China affect the environment in the future? Honestly, I haven't thought of it. But maybe they'll come up with an idea which will affect and help with climate change

What will happen if we keep polluting the environment?

We will probably kill this whole planet and everything in it

Future

What kind of neighborhood will you live in when you get older?

When I have my day job, I'd like to live in countryside.

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation

- Cars will be mostly electric.
- self-driving vehicles only

Pollution

- Traffic Pollution will decrease.

Crime

- Cybercrime is probably going to become more common.

Advertising

Buildings

-

Work

- Online offices

Shopping

- People will shop mostly online
- Responsible brands are most popular.

Nightlife

When will you graduate?

How will you use English in the future? I will search information in English
I can communicate with future workmates

Will humans ever meet aliens? What will the meeting be like?

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

Where will we get our energy when we run out of oil?

How will India and China affect the environment in the future?

What will happen if we keep polluting the environment?

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation	Flying cars
Pollution	Very bad
Crime	probably same
Advertising	bigger

Buildings	bigger
Work	less available
Shopping	easier
Nightlife	probably same

When will you graduate? 2023

How will you use English in the future? Everywhere

Will humans ever meet aliens? What will the meeting be like? No

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.) ~~Terminator~~ Wall-e

Do you think houses will be more environmentally friendly in the future? Yes

Where will we get our energy when we run out of oil? Solar panels

How will India and China affect the environment in the future? Very bad

What will happen if we keep polluting the environment? We lose the planet

Future

What kind of neighborhood will you live in when you get older?

I will live in the peaceful neighborhood.

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation

- People will travel more with cars
- Public transport options increase

Pollution

- Cities are polluted more
- People try to use more less polluting things

Crime

- Crime has increased

Advertising

- advertising will move to a new level

Buildings

- Buildings are more higher

Work

- More new jobs have come

Shopping

- People shopping more
- More new clothes and food have come

How will you use English in the future?

Will humans ever meet aliens? What will the meeting be like?

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

Where will we get our energy when we run out of oil?

How will India and China affect the environment in the future?

What will happen if we keep polluting the environment?

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation *cheap public transportation*
Mainly electric cars

Pollution *cars don't pollute so much*
better recycling
more trees everywhere

Crime *more and more network*
scams.
violence at dark alleys

Advertising *won't change*

Buildings *higher* *skyscrapers*
underground apartments

Work *robots do all physical*
work
less work for humans

Shopping *we order more from the net*

Nightlife *same as now*

When will you graduate? *2023*

How will you use English in the future? *use it to communicate everywhere*

Will humans ever meet aliens? What will the meeting be like? *no*

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.) *none of them*

Do you think houses will be more environmentally friendly in the future? *yes most likely*

Where will we get our energy when we run out of oil? *nuclear power and solar and wind energy*

How will India and China affect the environment in the future? *pollute*

What will happen if we keep polluting the environment? *we get more space*
as the ice melts from antarctica and greenland

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation We use only electric cars
Pollution Cars don't pollute so much solar panels are public
Crime Drug crimes become more common
Advertising won't change

Buildings are taller
Work works are so much easier because machines
Shopping you can order all things to your home
Nightlife we sleep in some kind of capsules

When will you graduate? 2023

How will you use English in the future?

Will humans ever meet aliens? What will the meeting be like?

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

Where will we get our energy when we run out of oil?

How will India and China affect the environment in the future?

What will happen if we keep polluting the environment?

Future

What kind of neighborhood will you live in when you get older?

Hopefully in the ghetto with McRat

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation
Pollution
Crime
Advertising

Buildings
Work
Shopping
Nightlife

When will you graduate? 22

How will you use English in the future?

I will use English in my work and hopefully at the holidays

Will humans ever meet aliens? What will the meeting be like?

I think not and if, it will be coverment secret

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.) "the 100"

Do you think houses will be more environmentally friendly in the future? yes

Where will we get our energy when we run out of oil? from sun and trash and electry

How will India and China affect the environment in the future?

They will no longer be developing country

What will happen if we keep polluting the environment?

Future

What kind of neighborhood will you live in when you get older?

hopefully everywhere will be peaceful and clean

What will cities be like 50 years from now? Think about how these will change

(make two or three predictions for each): more ecologic and environment friendly

Transportation

will be ~~at~~ available for everyone and environment friendly

Pollution

will be dealt with in like a reusable way

Crime

will hopefully stop or at least be in control and

Advertising

penalties will be better will be more and more stunning and shocking

Buildings

will be more ecofriendly and environment friendly

Work

will be more technical maybe

Shopping

will be more secondhand and on the internet

Nightlife

will be more safe and fun and cheap.

When will you graduate? in 20~~23~~²³ or 2024

How will you use English in the future? in my job and in daily encounters

Will humans ever meet aliens? What will the meeting be like?

hopefully yes and hopefully they will be friendly and help us with problems.

Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

yeah, absolutely

Where will we get our energy when we run out of oil?

from sun

How will India and China affect the environment in the future?

they will

What will happen if we keep polluting the environment?

pollute it the most, the should be some rules for them to follow.

Our planet will die earlier than it should

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation
Pollution
Crime
Advertising

Do you think houses will be more environmentally friendly in the future?

Where will we get our energy when we run out of oil?

How will India and China affect the environment in the future?

What will happen if we keep polluting the environment?

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

<u>Transportation</u>
<u>Pollution</u> more pollution
<u>Crime</u>
<u>Advertising</u>

<u>Buildings</u> more modern
<u>Work</u> more robots work from home
<u>Shopping</u> shopping from online
<u>Nightlife</u>

When will you graduate?

How will you use English in the future?

Will humans ever meet aliens? What will the meeting be like?

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

Where will we get our energy when we run out of oil?

How will India and China affect the environment in the future?

What will happen if we keep polluting the environment?

Future

What kind of neighborhood will you live in when you get older?

A peaceful kind

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation

Everything is electric. Fuel powered vehicles are scarce

Pollution

Greatly decreased
still widely present in places like China, India and the U.S.

Crime

More tech-related crime
Less massacres

Advertising

Buildings Different shapes

Work

More robots
more bad paying jobs

Shopping

Automated service

Nightlife More night clubs.

When will you graduate? In one year.

How will you use English in the future? Communication, like I was bilingual

Will humans ever meet aliens? What will the meeting be like? The aliens eat us. Probably.

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future? most likely.

Where will we get our energy when we run out of oil? The sun.

How will India and China affect the environment in the future? They'll probably make it worse

What will happen if we keep polluting the environment?

Nature and climate go haywire, plants won't grow properly and animals will die.

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation: It will be more eco friendly ways. There will be no gasoline cars, only electric.

Pollution: There will be less pollution.

Crime: I think crime will be the same, because there will always be crime. Criminals will just have new ways of doing crime.

Advertising: There will be more advertising.

Buildings: There will be more buildings and bigger buildings.

Work: There will be less jobs because AI will take over some jobs.

Shopping: Shops will only have self checkout and online shopping will be bigger than normal.

Nightlife: Less nightlife because of things like Covid.

When will you graduate? 2023

How will you use English in the future? online, media, videogames. I will use English in those everyday.

Will humans ever meet aliens? What will the meeting be like? Yes, it will be a very curious reaction from both.

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.) It will be like Star Wars :D

Do you think houses will be more environmentally friendly in the future?

Yes

Where will we get our energy when we run out of oil?

From renewable sources of energy, like solar panels etc.

How will India and China affect the environment in the future?

I think China and India will become more aware and become more eco friendly.

What will happen if we keep polluting the environment?

The world will end.

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation - flying cars - fast
Pollution - more pollution
Crime - less crimes
Advertising - by videos

Buildings - modern
Work - working from home
Shopping - online only
Nightlife

When will you graduate?

How will you use English in the future?

I think I will use English more in the future.
Will humans ever meet aliens? What will the meeting be like?

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

Yes.
Where will we get our energy when we run out of oil?

from sun.
How will India and China affect the environment in the future?

What will happen if we keep polluting the environment?

we can't live without face masks.

Future

What kind of neighborhood will you live in when you get older?

What will cities be like 50 years from now? Think about how these will change (make two or three predictions for each):

Transportation <i>flying vehicles</i>
Pollution <i>more pollution</i>
Crime <i>less crimes</i>
Advertising

Buildings <i>modern</i>
Work <i>robots help</i>
Shopping
Nightlife

When will you graduate?

I don't know

How will you use English in the future?

I think I will use English in my future work and when I travel.

Will humans ever meet aliens? What will the meeting be like?

No

What kind of sci-fi movie will the future be like? (The Matrix, Terminator, i-Robot, Minority Report etc.)

Do you think houses will be more environmentally friendly in the future?

Maybe some houses

Where will we get our energy when we run out of oil?

How will India and China affect the environment in the future?

I have no idea

What will happen if we keep polluting the environment?

we will die

Will the climate keep changing or go back to normal?

Keep changing

Will science find a solution to the environmental problems we have? What kind of solution will it be? *Maybe*

Do you want to get married? When will you get married?

I don't know

Will you have children?

I don't know

What will life be like when you are 40?

Will computers ever take over the world?

No

Will we be able to add machines to our body to improve it in the future?

maybe, maybe not

How will fashion change in the future?

It always changes

After you graduate will you go for a higher degree like an M.A. or a Ph.D?

What kind of music will your children listen to?

Hopefully something good

When will humans live on another planet?

Never

What will you do after you finish university?

I don't know

What will you do before you get married?

After your children grow up what will you do?

Where will you move after you finish university?

I am going to move to some big city

How will electronics be different?

In 50 years there are projected to be 10 billion people on the earth. How will that affect the future?

How will medicine and health care change in the future?

In a better direction

China's and India's populations and economies are growing quickly, what do you think China and India will be like in 50 years?

What other things will change about life in the future?

How do you think you will change in the future?

I will be wiser

Where will you be and what will you be doing in 10 years?

What is something that will happen in the future that you are looking forward to?

How will you change the world?

Not at all

Will the climate keep changing or go back to normal?

It will keep changing.

Will science find a solution to the environmental problems we have? What kind of solution will it be?

Do you want to get married? When will you get married?

Maybe

Will you have children?

Maybe

What will life be like when you are 40?

There will be a lot of robots.

Will computers ever take over the world?

No.

Will we be able to add machines to our body to improve it in the future?

Yes.

How will fashion change in the future?

After you graduate will you go for a higher degree like an M.A. or a Ph.D?

I don't know

What kind of music will your children listen to?

I don't know

When will humans live on another planet?

After many decades.

What will you do after you finish university?

I don't know

What will you do before you get married?

After your children grow up what will you do?

Where will you move after you finish university?

I don't know.

How will electronics be different?

In 50 years there are projected to be 10 billion people on the earth. How will that affect the future?

We need more food and water.

How will medicine and health care change in the future?

More individualized care.

China's and India's populations and economies are growing quickly, what do you think China and India will be like in 50 years?

What other things will change about life in the future?

How do you think you will change in the future?

Where will you be and what will you be doing in 10 years?

What is something that will happen in the future that you are looking forward to?

How will you change the world?

Will the climate keep changing or go back to normal?

I think the climate will go back to normal, I hope atleast

Will science find a solution to the environmental problems we have? What kind of solution will it be?

I think science will always find the solution, but I have no idea what it will be

Do you want to get married? When will you get married?

I don't know

Will you have children?

I don't know

What will life be like when you are 40?

Life will be repetitive

Will computers ever take over the world?

no if we don't let them

Will we be able to add machines to our body to improve it in the future?

yes, I think there will be microchips we can add to our bodies

How will fashion change in the future?

I think fashion will become more minimalist

After you graduate will you go for a higher degree like an M.A. or a Ph.D?

Probably not

What kind of music will your children listen to?

hopefully, if I have any they would listen to metalbands like Gogin, Korn and Slipknot

When will humans live on another planet?

somewhere in the future

What will you do after you finish university?

work

What will you do before you get married?

work and buy things I've always wanted

After your children grow up what will you do?

enjoy my life without them in my house constantly I guess

Where will you move after you finish university?

hopefully somewhere around Oulu

How will electronics be different?

They will be better, faster more power efficient.

In 50 years there are projected to be 10 billion people on the earth. How will that affect the future?

There will be lack of fresh water, food and jobs because there is even now lack of

How will medicine and health care change in the future?

those
we will find cures for many diseases

China's and India's populations and economies are growing quickly, what do you think China and India will be like in 50 years?

They will be the biggest economic countries

What other things will change about life in the future?

there won't be any nuclear war

How do you think you will change in the future?

I don't think I will

Where will you be and what will you be doing in 10 years?

I will be in Finland working

What is something that will happen in the future that you are looking forward to?

I think all cars will be fully electric and I like electric cars

How will you change the world?

I don't know

Will the climate keep changing or go back to normal? *It might go back to normal.*

Will science find a solution to the environmental problems we have? What kind of solution will it be?

Do you want to get married? When will you get married? *I'm not sure, really. Before I turn 32, I suppose.*

Will you have children? *I'll have to consider that long and hard.*

What will life be like when you are 40? *More digitalized.*

Will computers ever take over the world? *I don't think humans are stupid enough to make it happen.*

Will we be able to add machines to our body to improve it in the future? *Perhaps.*

Cyborgs would be strong.

How will fashion change in the future? *For the worse in terms of "quirkiness".*

After you graduate will you go for a higher degree like an M.A. or a Ph.D? *I don't think I have the smarts or patience.*

What kind of music will your children listen to? *Something shitty like newschool rap.*

When will humans live on another planet? *When Elon Musk makes it happen.*

What will you do after you finish university? *I'll try to find a job.*

What will you do before you get married? *Spend as much time for fun things as I can.*

After your children grow up what will you do? *Guess I'll start gaming with them.*

Where will you move after you finish university?

Nowhere before getting a job.

How will electronics be different?

In 50 years there are projected to be 10 billion people on the earth. How will that affect the future? *That's a whole another level of overpopulation.*

How will medicine and health care change in the future? *For the better.*

China's and India's populations and economies are growing quickly, what do you think China and India will be like in 50 years? *Well, I hope China isn't a communist country anymore, and as for India... I hope their rich to poor ratio gets balanced.*

What other things will change about life in the future?

General wealth will probably get better.

How do you think you will change in the future? *I'll be older, for sure. Not sure if I'll get rich.*

Where will you be and what will you be doing in 10 years? *IT, hopefully.*

What is something that will happen in the future that you are looking forward to?

Elder Ring, or The Elder Scrolls 6.

How will you change the world?

I won't, I've no desire to.

Communication it was less^{or more} free and everyone
hadn't phones

Entertainment
Everything was more boring

Transportation
There are more cars nowadays and some cars
are electric

Education
Teacher can't hit or punish students anymore
There were fewer education areas

Food
People ate more meat

Government
There was more dictators

Health and medicine
People smoked more and medicine was worse

Safety

Fashion

Social security

Crime

Housing

Communication

- Communication between people has become easier through things like mobile phones and the internet

Entertainment

Entertainment has changed to stuff like livestreams, youtube and tiktok

Transportation

has changed to more eco friendly ways

Education

education has evolved a lot. You use computers almost always at school.

Food

Things like veganism, and other similar stuff has become more popular. food has become more diverse

Government

There is more and better social security nowadays

Health and medicine

More vaccines and better awareness of hygiene. Hygiene has evolved a lot especially because of covid

Safety

There are more cameras and more home security systems

Fashion

fashion has evolved into showing more individualism. Designer clothes are a big thing now also

Social security

has become better. less people become outcasts of society

Crime

Crime has evolved to things like hacking and I think there is more crime

Housing

houses are more expensive and there have been more houses built

Communication

No more landline phones

Entertainment

TVs are more common than radios now.

Transportation

Cars used to pollute way more, even contaminating berries and the like.

Education

Punishments in school were more severe, but nowadays you can't even touch a student

Food

Most of the food people ate was local

Government

The president used to have more power, but nowadays that power belongs to the prime minister

Health and medicine

People used to smoke indoors, so... We've advanced

Safety

Not very safe

Fashion

rather simple, I liked it.

Social security**Crime**

No more cases like the Zodiac killer, Or Junko Furuta.

Housing

6C How the world has changed over the last several decades. Write something under each category.

Communication before they had one phone in house

Entertainment

Transportation

Education there were fewer education areas

Food people eat more meat
